

PENNINE & SCOTTISH FRENCH BULLDOG ASSOCIATION:- July 2017

An honour for an outsider to be given this appointment! Turned out to be a lovely show, friendly officials ex venue for a club show and so nice to hear applause for every class placement. Two excellent stewards and a lovely turnout 75 dogs with 66 present on the day! Dog showing at its very best. The bitches are stronger in depth of quality than the males and I though the 2 puppy bitch classes had quality right down the line, overall I was well pleased and really had no trouble finding what I wanted, some ex heads one or two shoulders and fronts could be better and one or two over angulated behind and a few just to straight your standard asks for moderate angulation. A few did not have the movement I look for free flowing and the important soundness, having said that judging is about the full package, breed type, balance a look of quality and good movement was what I wanted, and I did find it in some. Must thank the club for that lovely gift one I will treasure.

MPD (3) 1st Merimnas Over the Moon, I see out of a CH bitch and the quality and breed type you would expect from that, a fawn masculine lovely head eye and expression cobby ex body qualities and he moved very nicely shows much promise. 2nd Nerroli Bon Viveur, smart 6 month brindle loved that head, shapely and moving okay, still a little raw and not as finished in body as the winner, promising, 3rd Coltington The Centurion.
